English + Arabic | Touch + controller | No ads or in-app purchases

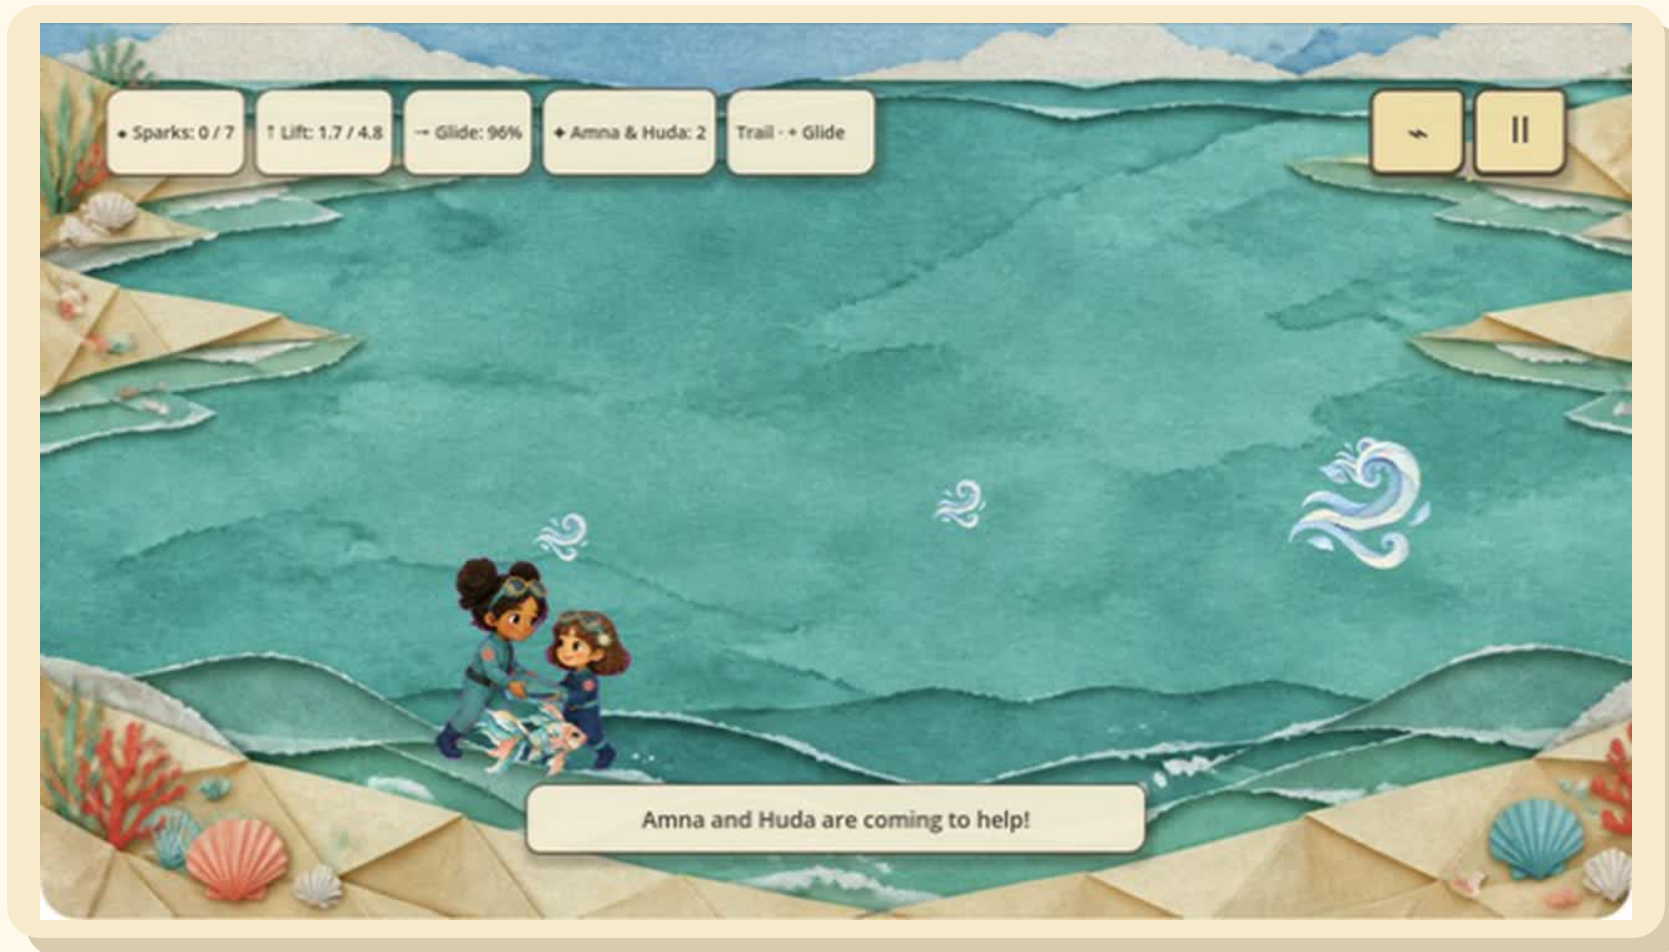

■ Family at the heart of every flight

Amna and Huda run in, carry a grounded paper plane, and launch it back into the journey.

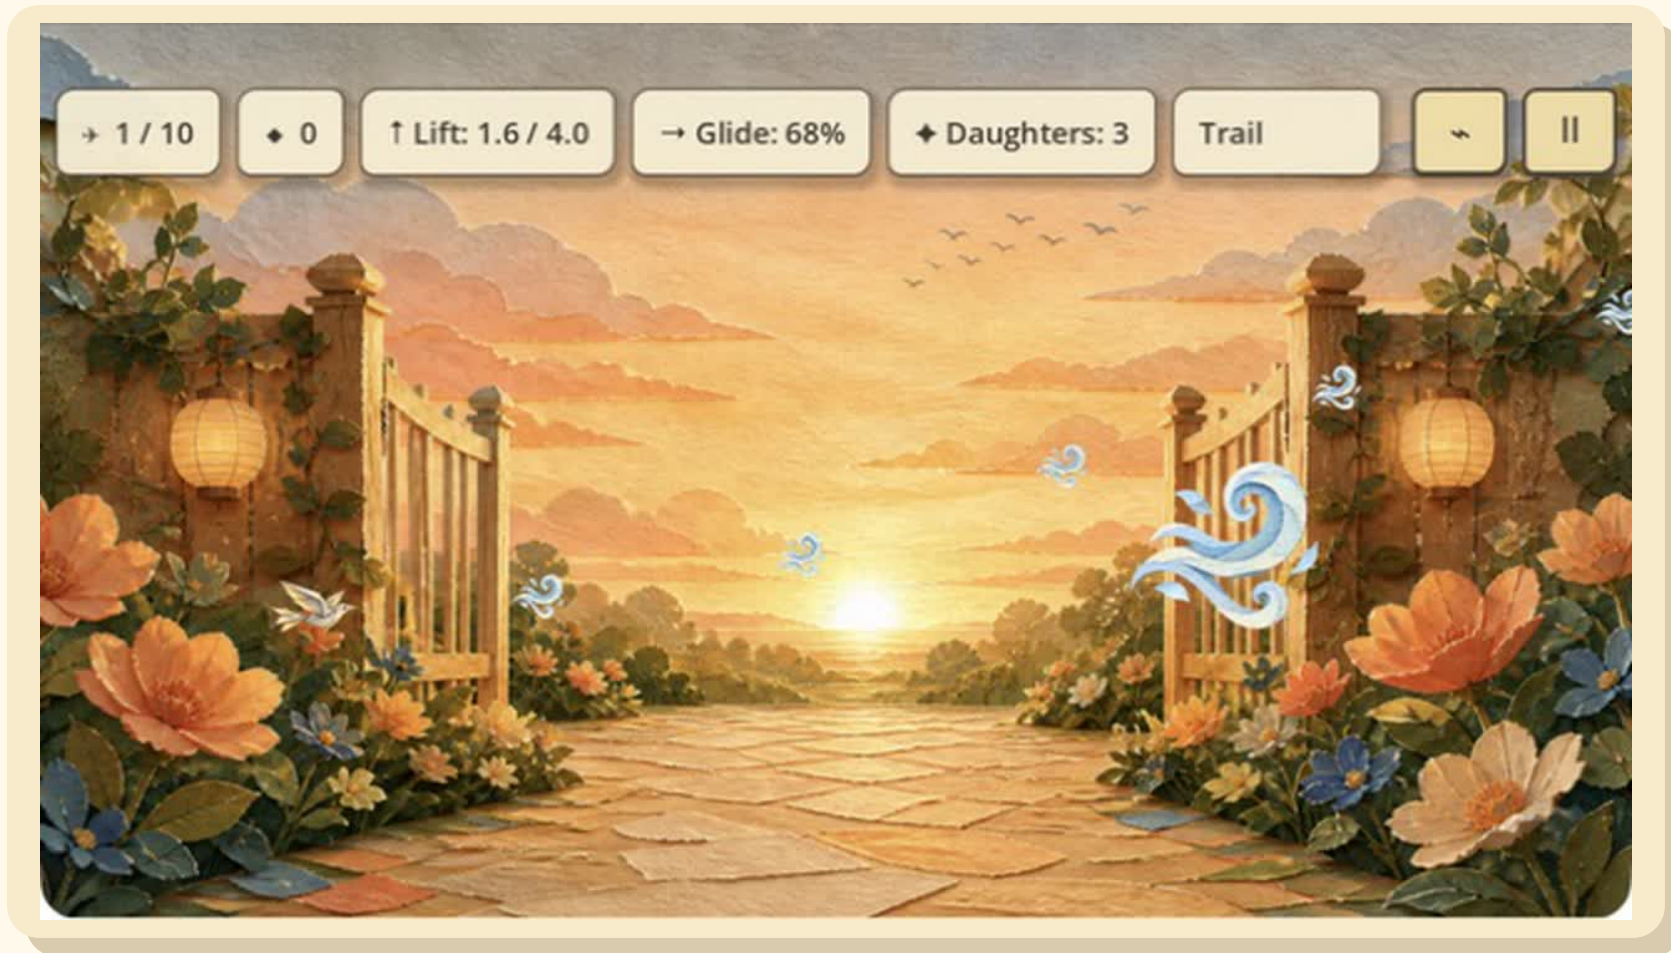

■ Each world changes the journey

Moonlit seas introduce setting-aware forms, companions, helpers, and playful hazards.

■ Hand-painted routes reward thoughtful flight

Wind, lift, formations, and player-controlled momentum turn every cut-paper landscape into a readable route.

■ A storybook about kindness and courage

Illustrated interludes pair meaningful family dialogue with English and Arabic narration and subtitles.

The colorful flock comes home together, and Paperverie feels wide enough for every dream.
